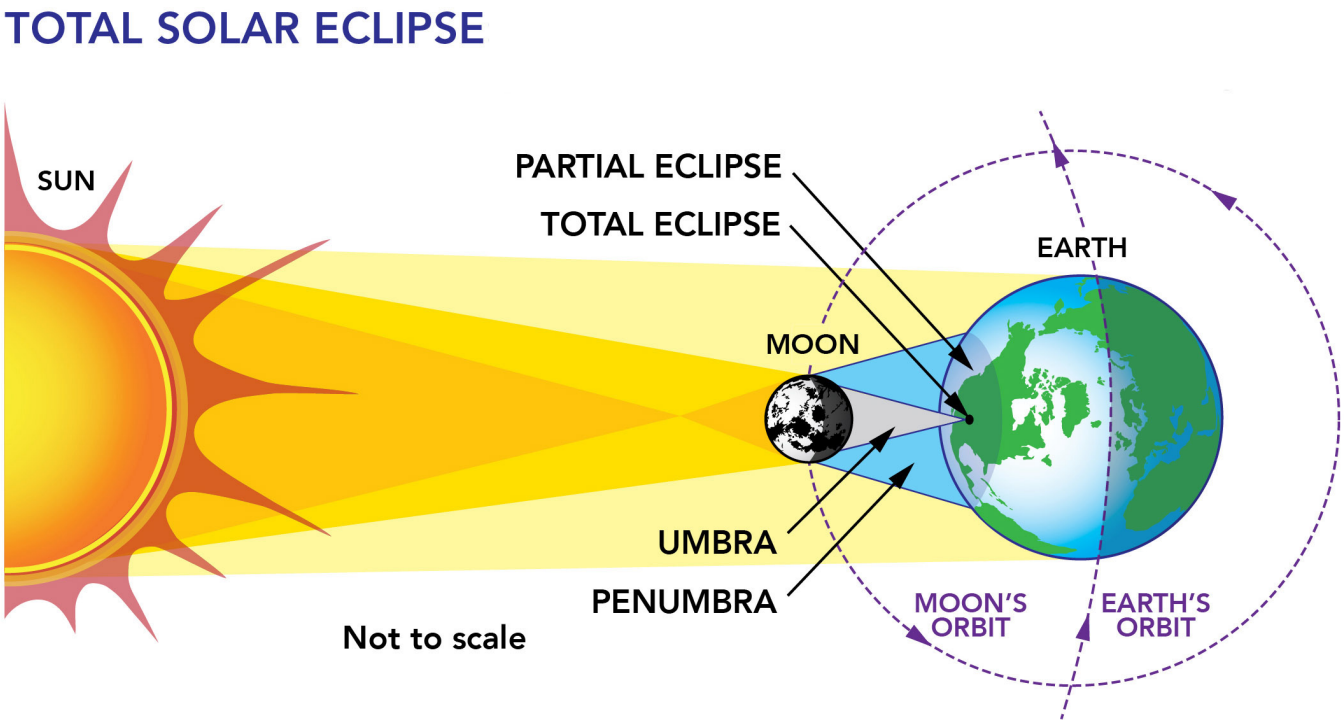
My NASA Data - Interactive Models

Explore Solar Eclipses



Teachers who are interested in receiving the answer key, please complete the Teacher Key Request and Verification Form. We verify that requestors are teachers prior to sending access to the answer keys as we've had many students try to pass as teachers to gain access.

This product is supported by the NASA Heliophysics Education Activation Team (NASA HEAT), part of NASA's Science Activation portfolio.

Grade Band

- 6-8

Supported NGSS Performance Expectations

- MS-ESS1-1: Develop and use a model of the Earth-Sun-Moon system to describe the cyclic patterns of lunar phases, eclipses of the Sun and Moon, and seasons.

NGSS Disciplinary Core Ideas

- ESS1B: Earth and the Solar System

Science and Engineering Practices

- Developing and Using Models

Crosscutting Concepts

- Patterns
