How did you hear about the MY NASA DATA Project?

What interests you the most about the project?

Briefly describe a "typical day" in one of your classes. Please include which subject you are describing.

Briefly describe the role that educational technology plays in your classroom.

Please list professional organizations of which you are a member.

Please list presentations that you have given within the past 3 years.

Recommendation - Obtain a letter of recommendation from one person, selected from among the following: principal, lead teacher, science supervisor, or superintendent. Letter should be mailed separately to the address listed below.

Lesson Plan - Please attach one of your favorite lesson plans, hands on activities, or an integrated lesson or project.

Essay - Please attach up to one page describing how your **students will benefit** from your participation in the MY NASA DATA workshop.

Completed application materials should be mailed to:

MY NASA DATA Summer Workshop
MY NASA DATA, Mail Stop 927
NASA Langley Research Center
Hampton, VA 23681-2199

Application, lesson, essay, and letter of recommendation should be postmarked by April 9, 2008.
