

Earth System Data Explorer Poster Cards - Changes in Albedo Values in the Cryosphere

Data Set: Albedo **Variable:** Monthly Albedo Measured at the Surface (dimensionless)
Date: September 2018 **Phenomenon:** Changing Albedo Values

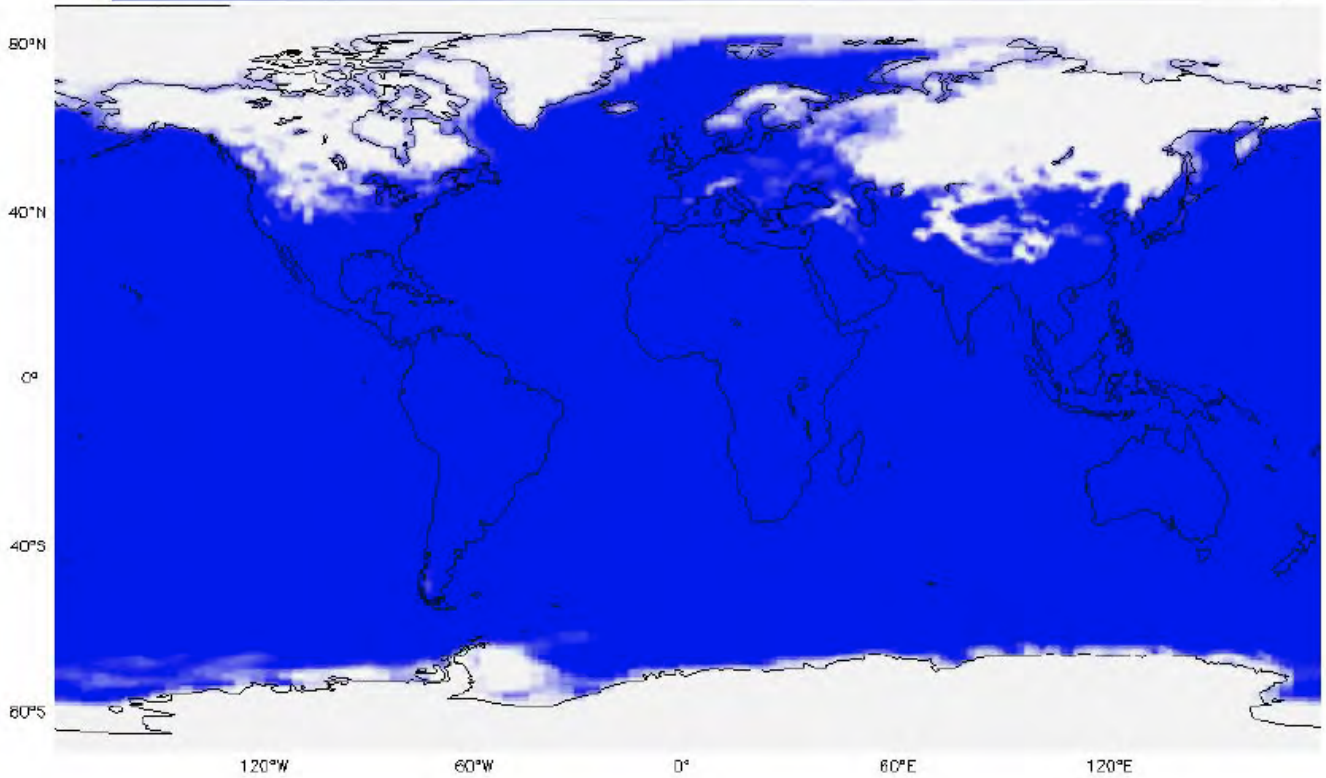

Teachers, are you looking for resources to help you engage students in data analysis related to global changes in the cryosphere using albedo values?

Check out this monthly 2018 poster card set featuring two science variables related to this topic:

- [Monthly Snow and Ice Cover:](#)

Data Set: Changes in Snow and Ice Extent **Variable:** Monthly Snow/Ice Percent Coverage (percent coverage)
Date: January 2018 **Phenomenon:** Changing Albedo Values

Visualize NASA data on a custom map using our [Earth System Data Explorer](#). Generate your own maps and graphs using a range of datasets supporting this topic.
