
My NASA Data

Earth System Data Explorer Image -Global Volcano Location

Grade Band

- 3-5
- 6-8
- 9-12

Teachers, are you looking for resources to help you engage students in data analysis related to Volcanic Eruptions? Check out this [Volcano Locations Image](#). These data show the number of known volcanic eruptions during the Holocene epoch (about 10,000 years ago to present) at each grid point on a 1-degree-by-1-degree grid.
